

# NOTICE

## CROSS

**Cross a river that you have never crossed before, over a bridge**

**Cross that river halfway and look over the edge of the bridge  
down into the water**

**Wonder at the world under that water**

**Wonder when the first bridge was built**

**Wonder when you first crossed over a river by a bridge**

**Wonder when the last time is that you will ever cross a river  
by a bridge**

**Over the coming days and weeks and months and years:**

**Find forty other bridges over rivers that you have never crossed**

**Cross over these rivers**

**Cross these rivers halfway and look over the edge of the bridge  
down into the water**

**And wonder**
